

LET'S GET MOVING

It's time to get moving. Cut out the circle and the arrow. Use a fastener to attach the arrow to the center of the activity wheel. Spin the arrow and do your best to work on the skill during our movement time.

LET'S GET MOVING

INSTRUCTOR INSTRUCTIONS

1. Print on heavy weight paper.
2. Have kiddo cut out circle and arrow carefully.
3. Using a brass fastener attach the arrow to the circle aligning the green circles.
4. During brain breaks or movement time kiddos can use this tool to get the "wiggles" out.
5. Once kiddos have spun for their selection set a timer for an allotted amount of time and begin the movement break.
